Camp Lane is the outdoor school for fifth graders, using high school students as counselors. The counselors are chosen through interviews and then attend several classes prior to camp to prepare lessons for the classes they will teach. These classes include Water Study, Animals, Plants, Soil, First Aid, survival, and Map and Compass. Because of the size of the fifth grade class, two weeks are needed.

In the past years, counselor and camper alike have come home from Camp Lane with enjoyable memories. This year was no exception.

Gas Crunch of 1979

High prices and shortened business hours marked the gasoline crunch of 1979. From day to day, consumers were unaware what price they would find at the gas pumps. They gradually saw the prices rise until they reached the dollar a gallon mark. Gasoline dealers, in the meantime, cut back their hours of business so they would be able to meet the demand during peak hours. The public found themselves forced to turn to smaller cars, shorter trips, and tighter budgets to assure themselves of having the necessary fuel to make needed trips.

Publications 1979

For the first time in recent years, the Annual and Newspaper classes have been combined into one Publications class. One staff has worked on both the Annual and the Newspaper.

The Publications class has taken two field trips this year, one to Mt. Hood Community College and the other to University of Oregon. Both field trips helped the students learn new skills and expanded their knowledge in the field of Publications.

The Student Council started the 1978-79 school year with $1200 in the Student Body Fund. This was all from the sale of student body cards. They also worked in the Canteen during basketball games to earn money.

Student Council was involved in many noon-time activities. They sponsored volleyball games during noon for class competition. The juniors won so they got the privilege of beating the faculty. Student Council also bought corsages for the mothers of the football and basketball players. They also rented Football tables for the G.P. room. They also changed record in the Jukebox every month and auctioned the old records to the student body.

John Reger

John Reger came to P.H.H.S. in 1970. His dynamic personality sparked numerous activities and lives. He was killed in a plane crash in Chile on Dec. 6, 1978, leaving us much the poorer. The many faces of Mr. Reger shown here were happy, sad, wild, but always intense with the joy of living. At his death, he was living his geography and doing what he wanted. Good-bye, John-we still need you and your humor.

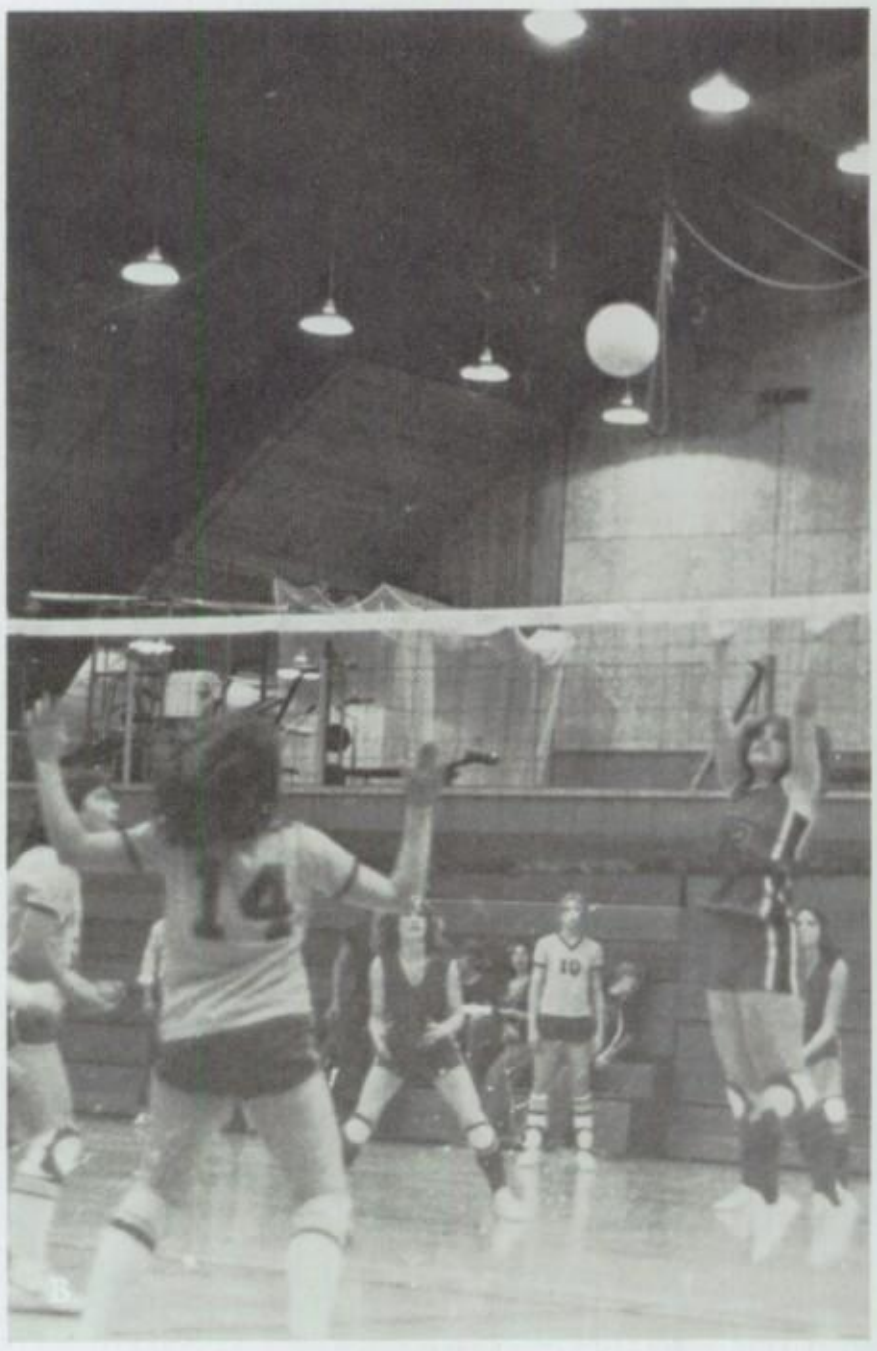
It's not whether you win or lose, it's how you play the game



The Billie Girls Varsity Volleyball team didn't have an overly successful year in the league standings, but as far as developing good sportsmanship and learning to work together as a team, it was a more than successful volleyball season.

There were three team members who were really outstanding in this year's season. They were: Pam Greenwood, who showed signs of great improvement throughout the season; Linda Morris and Rhonda Jackson, who gave their teammates an extra inspirational boost whenever they needed it. Linda Morris was also the player who scored the most points for the varsity squad.

The coach for this year's team was Miss Karen Spaulding. Even though it was Miss Spaulding's first year of coaching the Pleasant Hill girls, she did an exceptionally fine job.

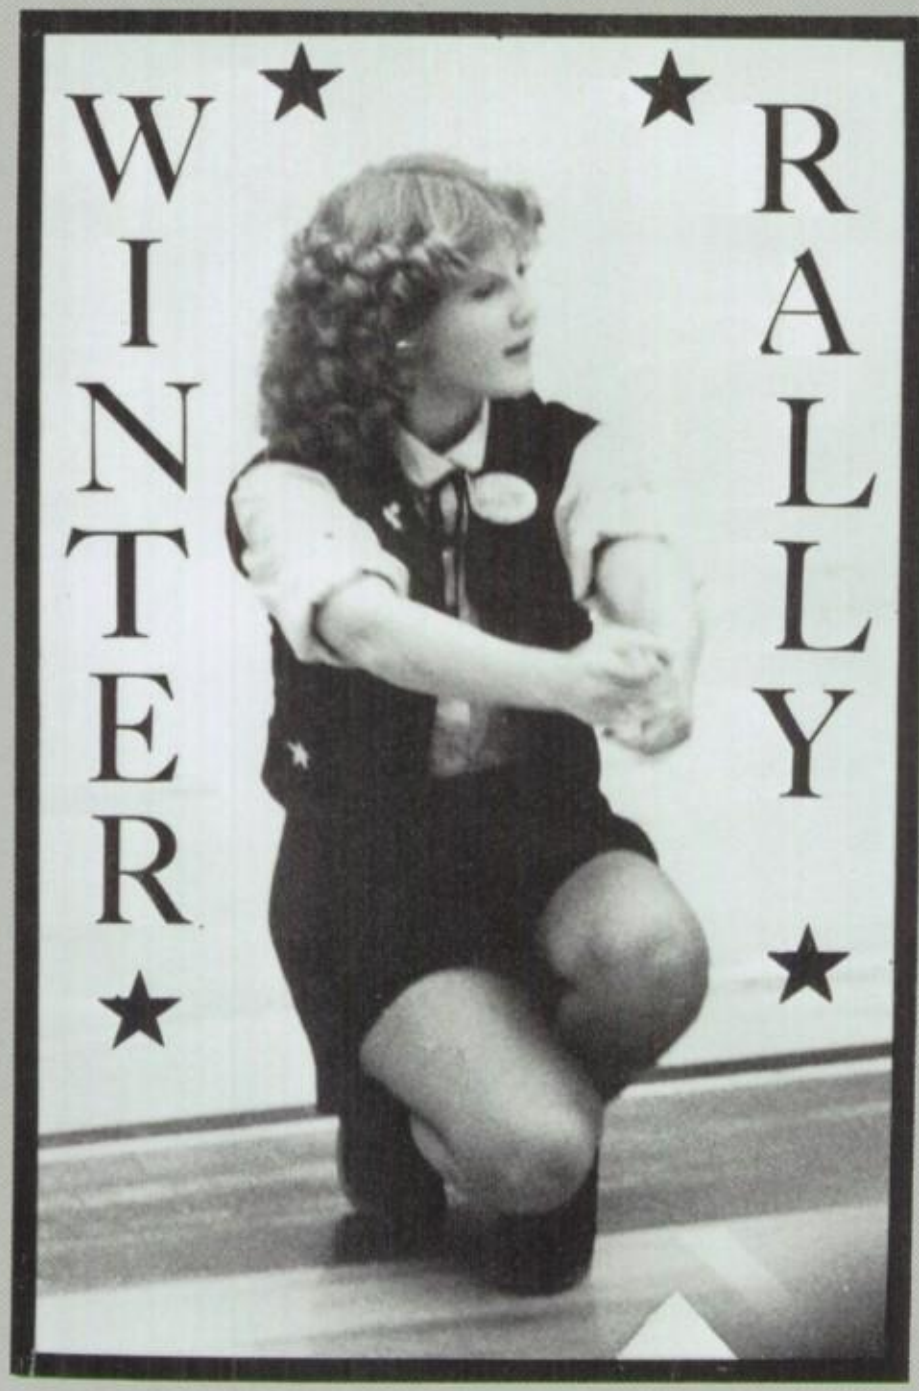
WINTER RALLY



Attending a cheerleading camp at OSU last summer and receiving the spirit stitch one day was just the right thing to put the Varsity Cheerleaders in a perfect mood for football and basketball seasons.

Besides the summer camp, the girls attended a rally clinic at the U of O and were in a rally competition at Valley River. They decorated either the locker room or bus for almost every game and radiated spirit at rallies and assemblies.

In addition to becoming good friends, they made friends with and had dinner for Glide's Rally before the game here. The girls also had a car wash for the faculty and community.

Whether leading us in the Fight Song or just walking down the hall, pride for Pleasant Hill can be seen in their eyes.

PHEW!!
MADE IT!!

For the Class of 1979, graduation was only a beginning. Many of the seniors will go on to college to further their education. Others will take a break from school for awhile or go directly into the work world.

The Class of 1979 has left a real impression of Pleasant Hill High School, reminding it to keep cool and stay out of trouble.

No one knows what the future will bring, but the Class of '79 will always be remembered.

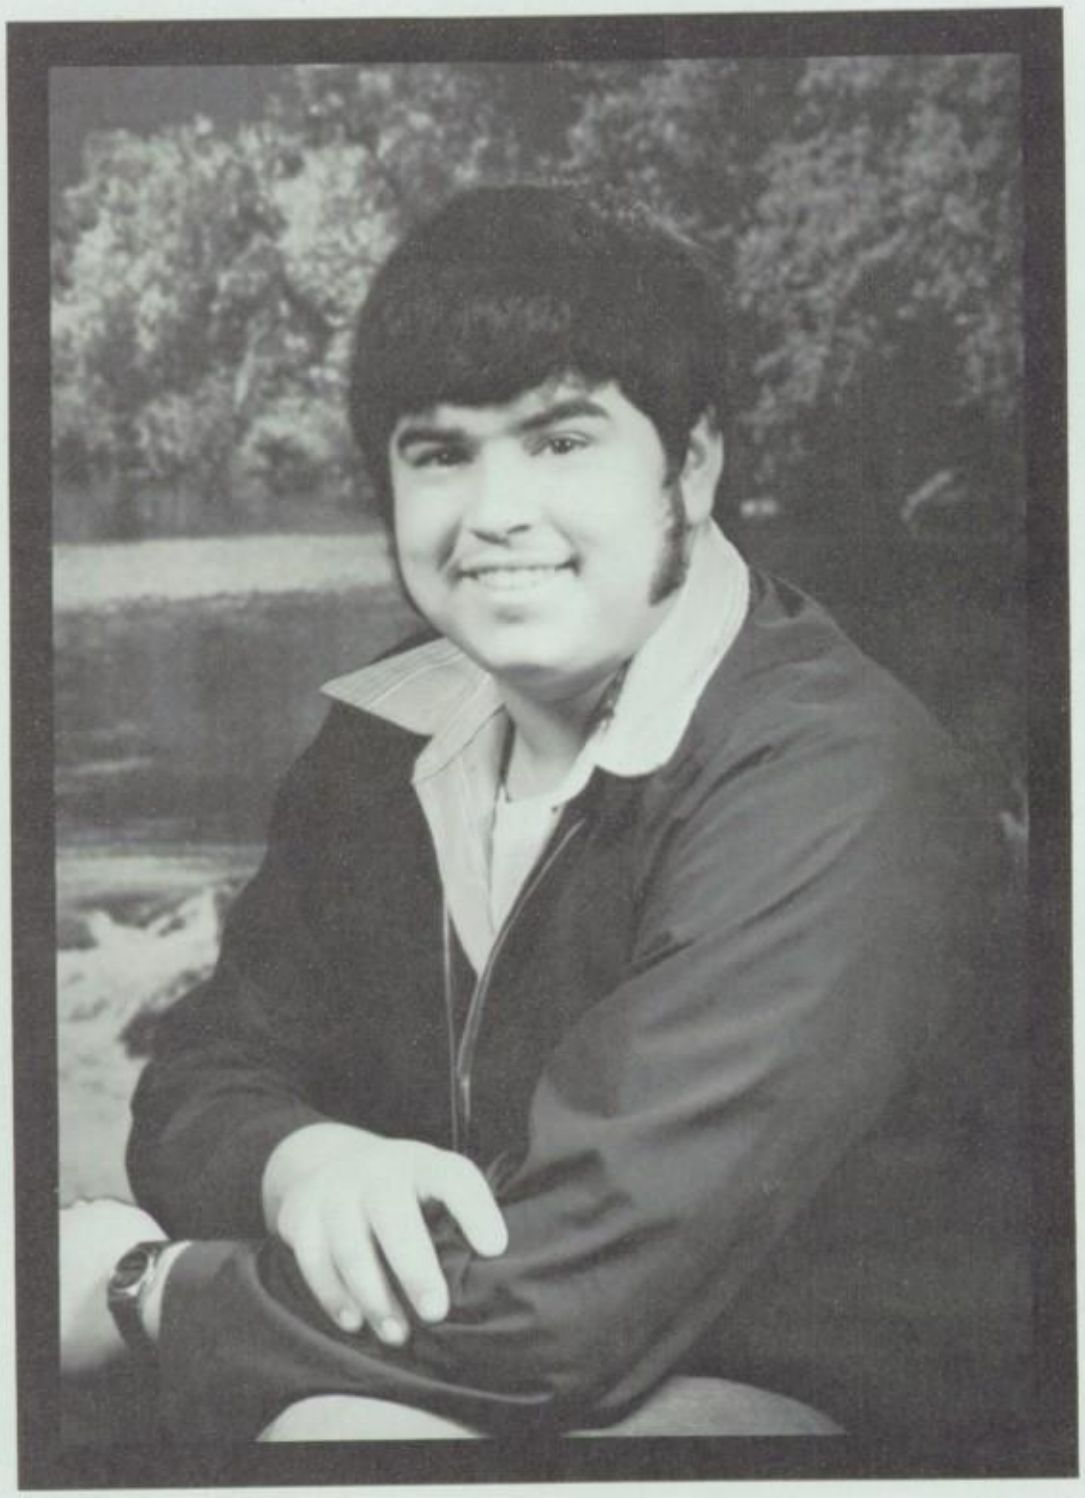
In Memoriam



Steven Charles Jenness

Steve Jenness would have graduated with the Class of '79 had his life not tragically ended in an automobile accident March 31.

Steve had been a student in the Pleasant Hill School District since the first grade and displayed his love of the outdoors and his closeness with nature through his work in the forestry program. He participated in the forestry skills days with enthusiasm and dedication by doing the best he could to strongly represent himself and his school.

During his short life, Steve exhibited strength of character in a warm, friendly manner. He conveyed a calm respect and casual friendship to all those around him. His pleasant, easy-going manner will be missed by everyone who knew him.

Steve's life may have ended abruptly, but the lives he touched will be enriched by the experience of having known him.
